

16.10.2011

Dear Parents,

Several of the rowers have been asking about the purchase of rowing kit. For those new to the sport I am afraid this is always an expense as it is a small, specialised market. I intend to place an order in a few weeks so would appreciate the return of this form by **MON. 31st October**. Please note I only order these once a year. They are a lot more expensive individually but all-in-ones can be ordered online from Godfrey in future.

The green hooded sweatshirt with name on front and pale blue T-shirt are the main essential items but I would like to encourage the purchase of the jacket (also with name) for those wet days at Regattas and Heads. Students will also be able to wear it for other school sports. This jacket can also be purchased with a fleece lining for extra warmth.

I have also included an all-in-one, which I am afraid is an essential if entering any competitions. This can only be purchased from Godfrey Sports. Additional items are available online from Godfrey Sports (godfrey.co.uk, look in club kit pages) should you wish to purchase individually but are always cheaper for 2 or more.

Appearances are important to show you are proud to be members of a club.

Payment is not required until I receive the invoice.

Regards

Pauline Higgins

Please complete the order form below and return by Monday 31st October.
