

Youth Dance Tynedale

DANCECITY 

 Queens Hall Arts

T!NARTS¹⁰

Youth Dance Tynedale was formed in October 2008 and aims to give young dancers aged 14 – 19 years the chance to work as part of a dance company. The members of the company are dedicated to developing their dance and performance skills.

High quality technical training is provided in contemporary technique classes which take place every Monday evening in The Theatre at Queen Elizabeth High School and company members develop their own choreographic style in creative workshops with professional choreographers in intensive rehearsals during school holidays.

As well as the obvious advantages of the physical dance training, and the development of self confidence and expressive skills, the students learn worthwhile life skills such as working to deadlines, honouring commitments and building positive relationships with peers and professionals.

First Inspirations Workshop

Project Profile: First Inspirations

In summer 2010 YDT toured throughout Tynedale in a project aiming to help inspire the next generation of dancers. The company visited a selection of first and middle schools giving young people a taste of watching and taking part in contemporary dance. The members of YDT performed two works from this years repertoire and then led a series of workshops as part of their Bronze Level Arts Award.

Simon Williams Workshop

"I have learnt so much from the opportunities that YDT has given me and I would encourage anyone who loves dance to audition. I've developed excellent working relationships with other dancers and professional choreographers and have enjoyed working as part of a company."
